

# MakeMyTrip partners IRCTC to sell rail holiday packages

■ **CHENNAI:** Online travel portal MakeMyTrip has entered into a strategic partnership with IRCTC to sell customised rail-holiday packages. This would extend the choice of holidays that the website offers to its customers, providing travellers options of best-deal railway packages along with air-tickets, hotel bookings and holidays, on a single platform, a statement from the company said. MakeMyTrip Co-founder Sachin Bhatia said: "The tie-up with IRCTC will empower travellers by providing them greater choice and flexibility when planning holidays. It is also of long-term strategic significance for us. Going forward, we intend to leverage existing synergies to our mutual advantage".
